

Methods and Class Management: Overview

This section will help you find the answers to questions about managing your religion classes in ways that will enable you to be effective and provide students with an environment where they will enjoy learning and being part of a community of faith. Some of the pieces include podcasts, which you will find on the right-hand side of the Formation section. To fully benefit from this section, follow the directions in the introduction to each segment. When you have finished all of the segments, complete the assessment at the end and email it to your religion coordinator or principal.
